Included Meals: Dinner

DAY
2

HUSKY SAFARI AND NORTHERN LIGHTS WORKSHOP

This morning you will wake up to the peace and quiet of the Arctic wilds and enjoy breakfast in the main hotel restaurant.

Things get off to an unforgettable start today, as you are transferred to a local husky farm. On arrival, you will meet with the eager dogs, whose enthusiasm for the trail is displayed through their excited barks and howls. After a tour of the farm, you will be given a full briefing on how to handle a team of dogs and the sled.

Traveling in pairs, you will then hit the trails for a 15km safari with the dogs. You can swap between driver and passenger at the midway point so you both get to take in the full experience.

Lunch will be served back at Jeris.

This afternoon, you will join an expert guide for a workshop on the Northern Lights. This session will provide you with a better understanding of the science and mythology which surround the Aurora Borealis.

Jeris is a prime Aurora location, and so we highly recommend keeping a close watch on the skies each

evening, as this is an ideal spot in which to see them if conditions are favourable.

Dinner will be served in the hotel restaurant this evening

Included Meals: Breakfast, Lunch, Dinner

DAY
3

SNOWSHOES, ICE FISHING AND AURORA SNOW TRAIN

Today is all about two popular pastimes in Finland: snowshoeing and ice fishing.

After breakfast, it will be time to strap on some snowshoes and try one of the oldest forms of travel in Lapland. The shoes allow you to explore areas of the wilderness that would otherwise be inaccessible in deep snow. Snowshoes provide the means with which to explore off the beaten track, enjoying the peace and the views, and your guide will point out the flora and fauna as you walk.

After your morning of snowshoeing, your well-deserved lunch will be served in the hotel restaurant.

In the afternoon, you will try your hand at ice fishing like a local. On a frozen lake, your guide will help you drill through the ice and will provide hints and tips to help you lure in the fish.

This evening you will set off on an adventure to look for the Northern Lights by Snow Train. This remarkable machine allows you to travel in a large heated sledge pulled by a supersized snowmobile driven by the guide. It is specially designed with clear Perspex to allow you to have views of the night sky as you travel along the snowy trail. You will make a short stop for a campfire with a hot drink and snack before returning to the hotel. You will be out for around 2 hours in total.

Included Meals: Breakfast, Lunch, Dinner

DAY
4

REINDEER SAFARI, TORASSIEPPI WINTER VILLAGE AND ICE RESTAURANT LUNCH

Torassieppi Reindeer Farm and Winter Village are situated only 10 minutes from Jeris and will provide the venue for today's amazing experiences.

Firstly you will have time to visit the traditional farmhouse that dates back to 1847, and a small reindeer herding museum. Reindeer are such an intrinsic part of the local culture and economy, that it is really fascinating to find out more about the lives of the local herders.

Next, you will test your skills as you try your hand at reindeer lassoing, which is much harder than the herders make it look. Your reindeer experience culminates with a 3km safari in a reindeer-pulled sleigh which takes you to the Pallas-Yllas National Park.

It will now be time for lunch, and a short walk from the reindeer farm you will find Torassieppi Winter Village, home to an ice bar and an impressive array of carvings and sculptures. Today's lunch will be served in the Ice Restaurant (please note that if conditions are not suitable then this meal will be served in a traditional wooden kota tepee instead).

You will then be transferred back to Jeris, you can enjoy some time in the sauna before dinner.

Included Meals: Breakfast, Lunch, Dinner

DAY
5

CROSS-COUNTRY SKIING AND SNOWMOBILE ADVENTURE

During your stay you will no doubt have seen local people cross-country skiing along the numerous forest and lake trails. This sport is a national obsession in Finland and today it is your turn to give it a go.

Full instruction will be provided, and no prior experience of any skiing is needed. Your guide will teach you the basics and then lead you on a short ski trip along the tracks closest to the hotel.

Should you find that you want to go skiing again during your stay, then you can rent the equipment locally and explore independently during your free time.

After lunch back at the hotel, it's time to up the adrenaline a little during a snowmobile safari. You will be given full driving instruction prior to setting off travelling two people per machine (you must have a driving licence and be over the age of 18 to drive a snowmobile).

You will cover around 30km over frozen lakes and through the delightful fell and forest scenery. This activity will allow you to really develop a sense of how big the wilderness around the hotel is.

Jeris Lakeside Resort and Type A Winter Cottages (Nights: 1-7)

Jeris occupies an enviable position on the shore of Lake Jerisjärvi, 20km from the nearest town.

Its secluded location, far from any light pollution, creates a fabulous Aurora viewing location.

The hotel consists of a central building which houses both hotel rooms and the main restaurant, and a selection of 32 winter cottages which are all tucked away in the surrounding forests.

Hotel facilities

- All meals are served in the main hotel restaurant.
- The buffet breakfast offers a wide selection of cooked and continental options; whilst lunch and dinner are usually a selection of salads, then a choice between a meat/fish main course and a vegetarian option, followed by a set dessert.
- Tea and coffee are available free of charge throughout the day in the hotel restaurant / bar area.
- There is a small lounge area in the main building where guests can use the free Wi-Fi connection and there is a small shop selling souvenirs and snacks.
- Jeris' wellbeing area, is situated on the lakeshore and just a short walk from the hotel. Here, there's a collection of saunas, including a traditional smoke sauna which is heated twice a week. There is also an illuminated ice pool if you are feeling brave (and are in good health).

Winter Cottage Type A

Type A winter cottages (30 square metres) are, on the whole, the closest to the hotel and are ideal for couples.

The cabins can vary in size but all sleep from two to four people in one spacious room with a sleeping alcove for two people (generally with a double bed) and a pull-out sofa bed for two more (although we recommend just one extra adult). They are all privately-owned and so the décor and style can vary, but each has a wood-burning stove, clothes drying cupboard, kitchenette, television, shower room, toilet and a private sauna.

All meals are served in the hotel restaurant.

Cabin guests will receive a small 'starter pack' of firewood. Further wood supplies can be purchased locally for approximately 10 euros.

Hairdryers are not provided as standard, but a limited number are available from reception.

The cottages are all privately owned and so some contents and décor may vary, but all are equipped with a drying cupboard, sauna, TV, shower and toilet room.

The cosy winter cottages are located in the forests which surround Jeris; the furthest being across the quiet road and tucked in the trees around a 15-minute walk from the main building.

The Aurora huts at Torassieppi are located close to the lakeshore, whereas the huts at Jeris are located in the woods. The exact location of your dome will be confirmed upon check-in at your hotel.

Each hut has a double bed, a composting toilet and a small sink with running water. Shower and sauna facilities are just a short walk away (around 50-150 metres). There is space for one extra bed in the huts, but space will be very limited when added.
