

# Photography Weekend

**HOLIDAY TYPE:** Small Group

**VISITING:** The Island of Gozo

**BROCHURE CODE:** 5554

**DURATION:** 4 nights

## In Brief

With dramatic countryside and incredible seascapes, there are few better locations than Gozo for a hands-on approach to landscape photography. Guided by award-winning photographer Pete Bullen, this four-night trip will sharpen your skills and inspire you with every click of the camera.

## Our Opinion

“ Gozo is a photographer's dream. From the bustling streets of the capital Rabat (Victoria) to the dramatic seascapes and undulating countryside, there is variety in abundance. You won't struggle for human subject matter either. There seems to be a religious festival every week and a particular favourite of mine is watching the locals playing Bocce, the Gozitan version of Boules. You'll find some real sun-wizened characters there believe me! ”

Ali Mclean

## Trip Overview

Gozo's landscape deserves more than a quick holiday snap. That's why this 4-night break is all about capturing the real essence of Malta's sister island with your camera.

You won't waste any time having to find the best spots either. Instead, professional photographer Pete will guide you around the island to a mixture of well-known locations and hidden gems.

Pete lives on Gozo and has completely immersed himself and his work in the land and culture. With his help, you'll get the insider knowledge of the island as well as tips on how to take full advantage of your camera settings.

Though this holiday is geared towards landscape photography, you will discuss your interests with Pete beforehand so that he can tailor the itinerary to suit. The beauty of this small island means you can go from photographing the ancient Citadel to the sweeping land and seascapes in one day. If you would also like to be active, the photography days can involve as much walking as you like.

Pete is a brilliant photographer and his passion comes across in all of his lessons. He will help you with composition and you could even learn more about image editing using Adobe Lightroom. Simply talk to Pete when you meet him to let him know exactly what you want to get out of your time here.

You will also enjoy the sights of Gozo away from your camera lens during a half day activity of your choice. However, whether you kayak, climb, bike or hike over your surroundings, you may not be able

to resist putting your new camera skills to good use.

# Agenda

Please note the order of activities is subject to change

DAY  
1

FLIGHTS, ARRIVAL AND WELCOME

You will be picked up from Malta International Airport (Luqa) for the two-hour transfer to the hotel in Gozo. The transfer includes a taxi to the ferry port for the 25-minute crossing and another taxi to your charming hotel.

Once you have checked into the hotel, there will be an introductory meeting with the local team before a welcome meal in the restaurant.

**Included Meals:** Dinner

DAY  
2

LAND, SAND AND SUNSET PHOTOGRAPHY

After breakfast, Pete will meet you at the hotel to discuss your objectives for the next couple of days.

Of course, the itinerary is up to you but you may want to head back to Mgarr harbour where you first saw Gozo. Here, you can photograph the fishing boats, yachts and ferries that cross the glistening waters that separate Gozo from its much larger neighbour, Malta.

Qala point is another area of interest. As the easternmost point in Gozo, you'll get phenomenal views out to sea.

A picnic lunch is included at one of the photogenic spots so you can have more time to admire and capture the views.

Pete will also usually recommend San Blas beach. Its red sands against the blue waters make for a beautifully contrasting photograph. What's more, it's usually quite a peaceful place with hardly anyone around.

Located on the west of the island, Dwejra Bay is an ideal location for sunset views and stunning photographs. Watch the sun dip into the darkening waters as the dramatic coastal formations sit in the foreground.

Once the sun has set, you'll go back to the hotel and have a free evening to spend as you please. We recommend trying some of the fabulous local food.

**Included Meals:** Breakfast, Lunch

DAY  
3

## PHOTOGRAPHING THE SUNRISE, CITIES AND SEASCAPES

After breakfast, it's an early start for the chance to photograph the sun as it rises over the harbour. We promise you won't regret this wake-up call. The colours and light at this time of day are incomparable and we're sure this is the spot you'll take some of your favourite photographs of the holiday.

Though the landscape is perfect for capturing on camera, the cities and towns are just as photogenic. In Rabat (Victoria), you'll learn more about the fascinating capital and visit the towering Citadel.

After the everyday bustle of the city, Pete uses his insider knowledge to take you to lesser-known spots such as Ix-Xatt l-Aħmar. Translating as 'red beach', this is a swimming area that not many tourists know about. Instead, you're likely to get a more authentic insight into Gozo as the locals use these crystal-clear waters for a refreshing swim. A picnic lunch is also included at one of your locations.

You will then say goodbye to Pete as you make your way back to the hotel for a free evening.

**Included Meals:** Breakfast, Lunch
