Snowshoe and Arctic Elements Sauna World (Harriniva only)

Following a transfer into the spectacular Pallas Fell area, you will strap on snowshoes and hike in this wonderful region. Journeying upwards, you will be treated to some lovely views before tucking into a delicious lunch at Jeris.

A rewarding finish to the activity comes with a visit to the lakeside Arctic Sauna World, complete with saunas and a chance to dip into the icy waters of Lakes Jeris. In Finland, the sauna is a place for relaxation, meditation as

well as mental and physical cleanliness, and Jeris is a luxurious spa facility to experience this traditional pastime.

The four saunas have been carefully themed on the four elements; earth, air, fire and water, as these are found in all traditions and shamanic wellbeing rituals. These elements combine to create a fifth, steamy löyly, the spirit of sauna. Each element is represented by Finnish gods or goddesses, as the protectors of the saunas:

Sauna of Tapio (Earth). Tapio is the antlered king of the forest and in this sauna, you will feel the earthly and forest surroundings of the Finnish wilderness. It is split into north, east, south and west, each providing a different kind of löyly.

Sauna of Ukko (Fire). Ukko is the king of all gods and master of lightning, fire and air. This smoke sauna is the most traditional, and a favourite among the Finns. The heating process carries the smoke throughout to create a dark colouring, smokey scent and if you choose, a fiery heat.

Sauna of Vellamo (Water). Vellamo is the goddess of water and the ruler of lakes and rivers. This sauna has a panoramic view over Lake Jeris, a holy place for Sámi people, offering a calming atmosphere. The soft and moist löyly means you can stay in for longer for extended relaxation.

Sauna of Ilmatar (Air). Ilmatar is the goddess of wind and the first mother in the beginning of times. This sauna has no fire or thick walls - instead infrared heaters are situated inside a traditional kota for a soft and gentle heat. Think of this as half sauna, half relaxation room.

The really brave (and healthy) can also take a dip in the icy lake waters - a technique the Finns swear by!

The cabins can vary in size but all sleep from two to four people in one spacious room with a sleeping alcove for two people (generally with a double bed) and a pull-out sofa bed for two more (although we recommend just one extra adult). They are all privately-owned and so the décor and style can vary, but each has a wood-burning stove, clothes drying cupboard, kitchenette, television, shower room, toilet and a private sauna.

All meals are served in the hotel restaurant.

Cabin guests will receive a small 'starter pack' of firewood. Further wood supplies can be purchased locally for approximately 10 euros.

The cottages are all privately owned and so some contents and décor may vary, but all are equipped with a drying cupboard, sauna, TV, shower and toilet room.

The cosy winter cottages are located in the forests which surround Jeris; the furthest being across the quiet road and tucked in the trees around a 15-minute walk from the main building.
