

Jeris and Harriniva - Winter Adventure

HOLIDAY TYPE: Small Group

VISITING: Finland

BROCHURE CODE: 5035

DURATION: 7 nights

In Brief

This 7-night holiday includes Arctic activities such as a thrilling snowmobile adventure and an unforgettable overnight dog sledding experience in a wilderness cabin. You can choose to stay at either Hotel Jeris, next to the frozen lake Jerisjärvi or Hotel Harriniva, on the banks of the Muonio river.

Our Opinion

“ For me, this is certainly a favourite itinerary, primarily because of the fact that the itinerary offers some exceptional activities alongside free time to spend as you wish. The epic snowmobile safari is thrilling but the overnight husky safari is something that will remain in the memory for a very long time ”

Graham Hughes

Trip Overview

This winter holiday in Finland has been one of our most popular trips for over a decade and a quick look at the activities we include highlights why.

Firstly, guests enjoy a cultural experience at an historic reindeer farm, where a reindeer-pulled sleigh ride is a wonderful introduction to Lapland and the small museum provides details of the local culture and times gone by.

A thrilling snowmobile safari is next on the list and gives the chance to explore further afield and gain a sense of the scale of Finland's wilderness environment. This is not a short taster session – you will cover between 60 and 80km during the day!

The true highlight for many people, however, is the overnight husky safari to a wilderness cabin which

covers two days of the holiday. This is an unforgettable experience for all who take part and is a real adventure.

Staying at either Hotel Jeris or Harriniva, we also leave time for you to tailor your holiday and relax or enjoy additional activities such as cross-country skiing, snowshoeing and ice fishing.

DAY
2

REINDEER FARM AND SAFARI

Reindeer and Lapland are synonymous with each other and today you will gain an insight into the daily life of a reindeer herder as you visit a nearby reindeer farm. The farm is also home to a small museum that showcases the customs of reindeer husbandry and its ties to the culture and economy of the region.

You will be shown how to throw a lasso and will then enjoy a delightful 7km reindeer-pulled sleigh ride. This is a magical experience and lunch will be served around an open fire.

This afternoon you will head back to the hotel where you can relax and unwind.

Included Meals: Breakfast, Lunch, Dinner

DAY
3

SNOWMOBILE SAFARI

Snowmobiles are a common mode of transport in Lapland and are used to travel between remote communities. They are also exceptionally good fun and offer guests the chance to travel further afield to explore the landscapes of Lapland.

You will be given a full safety briefing and instructions before you head out on the trail, travelling two people per machine, for a safari that will cover between 60 and 80km of pristine landscapes. You will travel through snow-laden forests and across frozen lakes and rivers as you delve into the heart of the wilderness.

You can swap drivers during your safari (providing you both hold a full driving licence).

Included Meals: Breakfast, Lunch, Dinner

DAY
4

OVERNIGHT HUSKY SAFARI

There is nothing that can quite compare to the sense of adventure you feel as you drive your own team of huskies through the wilds of the Arctic (one person per sled). This holiday takes things a step further than most as you enjoy an overnight adventure with your team and stay in a wilderness cabin.

After checking out of your hotel room (your luggage will be securely stored for you at the hotel), you will meet your own team of between 4 – 6 huskies at a nearby sled dog centre and will help to harness them under the expert tuition of your musher guide. When the sleds are loaded there will be a full safety briefing provided before your guide leads you off to start your adventure.

You will be sure to notice the dogs' enthusiasm for the trail; their excitement is infectious and their happy howls and barks highlight their desire to get going. Once you have released the brake on the sled the dogs fall silent and focus on the task at hand.

You will drive your team and cover around 25km today (depending on conditions) and lunch will be served around a campfire en route.

Your destination is a wilderness cabin in a remote corner of this stunning landscape. Upon arrival at your base, the group will all work together to collect wood and water as needed. Your guide will prepare the evening meal, light the fire and get the wood-fired sauna on (saunas are basically mandatory in Finland, even in the wilderness). Your priority will then be to feed and settle your team of dogs for the night.

The cabin you sleep in will be determined by the route and the conditions. Most do not have running water, electricity or indoor toilet facilities and accommodation will be dormitory style. This is a rustic experience but you will be cosy in your arctic grade sleeping bag and, once the fire is blazing, the sauna is warm and your dinner is served this is sure to be an unforgettable overnight.

Another bonus is that this remote location is far from any light pollution and so provides an ideal place from which to view the Northern Lights should conditions be favourable.

Included Meals: Breakfast, Lunch, Dinner

DAY
5

HUSKY SAFARI BACK TO THE HOTEL

You will awake this morning to what sounds like a pack of wolves outside, fear not, it's just the dogs eager to get going once again! You will enjoy a warming breakfast before setting off with the team again.

There will be time to further your mushing skills as you travel around 25km and head back towards the sled dog centre.

It's sure to be a sad moment when you part from your team but, back at your hotel, you will enjoy a delicious meal and hot shower which will hopefully provide some consolation.

Included Meals: Breakfast, Lunch, Dinner

Our pick

Arctic Elements Sauna World

Saunas are a popular and traditional Finnish pastime. The locals use it as a space for relaxation and meditation as well as mental and physical cleanliness - and Jeris is a luxurious spa facility for you to experience this in.

The four saunas have been carefully themed on the four elements; earth, air, fire and water, as these are found in all traditions and shamanic well-being rituals.

These elements combine to create a fifth, steamy löyly, the spirit of sauna. Each element is represented by

Finnish gods or goddesses, as the protectors of the saunas:

Sauna of Tapio (Earth). Tapio is the antlered king of the forest and in this sauna, you will feel the earthly and forest surroundings of the Finnish wilderness. It is split into north, east, south and west, each providing a different kind of löyly.

Sauna of Ukko (Fire). Ukko is the king of all gods and master of lightning, fire and air. This smoke sauna is the most traditional, and a favourite among the Finns. The heating process carries the smoke throughout to create a dark colouring, smokey scent and if you choose, a fiery heat.

Sauna of Vellamo (Water). Vellamo is the goddess of water and the ruler of lakes and rivers. This sauna has a panoramic view over Lake Jeris, a holy place for Sámi people, offering a calming atmosphere. The soft and moist löyly means you can stay in for longer for extended relaxation.

Sauna of Ilmatar (Air). Ilmatar is the goddess of wind and the first mother in the beginning of times. This sauna has no fire or thick walls - instead infrared heaters are situated inside a traditional kota for a soft and gentle heat. Think of this as half sauna, half relaxation room.

The really brave (and healthy) can also take a dip in the icy lake waters - a technique the Finns swear by!

Duration: approximately 3 - 4 hours including transfers (when staying in Harriniva) approximately 2 - 2.5 hours (when staying in Jeris)

Available: every day from 3pm to 10pm (Jeris); Mondays at 8:20pm (Harriniva.)

(Harriniva prices start from £38 as they include a transfer)

ACTIVITIES

Snow Shuttle

The carriage (the type of carriage will depend on the availability and weather forecast) will be pulled along by your expert guide on a snowmobile and as you journey further into the darkness, keep your eye out for a potential display.

You'll be taken to a campfire where you can enjoy hot drinks and a snack by an open fire and continue your search. Your location will be chosen based on the local weather and Aurora forecast for the evening, giving you the best possible chance of ticking the Northern Lights

off your bucket list.

Duration: approximately 2 hours in total

Available: Tuesday at 9pm (Jeris) Mondays, Thursdays and Fridays at 9pm (Harriniva)

Optional Winter Activities

There will be the option for you to arrange additional activities locally during your holiday. Your guide will discuss the possibilities with the group as the available options can change and the order of the main itinerary is also subject to amends.

If, however, you know that there is an activity which you would like to try and include before you travel then please let our travel experts know at the time of booking and we will do our best to try and secure this for you in advance (subject to availability).

Included Accommodation

Other options are available - see below for details.

Jeris Lakeside Resort (Nights: 1-3,5-7)

Jeris Lakeside Resort occupies an enviable location which is 20 kilometres from the nearest town and is located directly on the shores of Lake Jerisjärvi. It is this remote position that makes the hotel an enchanting forest retreat, with the amazing backdrops of the forested fells and frozen water.

This hotel receives high praise for its knowledgeable guides and exciting activity options.

The hotel consists of a central building and 32 winter cottages in the adjacent forest.

Hotel facilities

- Your meals will be served in the hotel restaurant, which offers a rustic menu of traditional and local Finnish dishes. Meals are served buffet-style with one or two options for each course. - There is a small lounge area where guests can relax in the evening and take advantage of the hotel's free Wi-Fi.
- Tea and coffee are available free of charge throughout the day in the hotel restaurant / bar area.
- The Arctic Elements Sauna World is a very popular feature and can be found on the lakeshore, a short walk from the main hotel building. Renovated for winter 2019/20 and the first of its kind in Finland, the spa has strong eco-credentials thanks to using entirely renewable electricity and geothermal heating generated from the Jerisjärvi lake. There are four saunas, each meticulously designed to incorporate the four elements; earth, air, fire and water and named after Finnish gods and goddesses. There are four saunas, each representing one of the four elements; earth, air, fire and water. A special fifth Northern Lights sauna is also available as an upgrade option. For those who wish to experience a Finnish tradition, there is also an ice pool to take a dip in following the sauna (you do need to be in good physical shape). Guests staying in either the cabins or the hotel rooms normally have one spa entry per holiday included. If you wish to visit more than once then this can be arranged and paid for locally with reception.
- A small selection of souvenirs is available for guests to purchase (including postcards and local

handicrafts and snacks) in the reception area.

Wilderness Cabins (Nights: 4)

Wilderness cabin accommodation is reserved for those people enjoying overnight safaris. There can surely be few better forms of escape from the everyday stresses (which could include laptops, mobiles and your day job) than a night in one of these cabins. Their isolation also means that the views of the night sky are incredible.

The Northern Lights could well pay you a visit should conditions be right and, if the sky is clear, you will never forget the sight of the galaxy overhead.

The title is fairly self-explanatory as the cabins are located in the wilds. The cabins that you visit are determined by the conditions of the trails you are using. They are varied in their set up but all offer the same incredible experience of complete silence in the evening (not guaranteed if you are dog sledding as the huskies do like a howl now and then!).

Some of the cabins are more basic than others, as some have no electricity or running water. Everyone will join the guide to help set up camp by collecting wood and water if needed. Participating enhances the wilderness experience.

Once the fire is lit, the food is cooked. The guides prepare your meals over an open fire and our guests always provide exceptional feedback on the meals that the guides rustle up.

Should you have specific dietary requirements, please mention these at the time of booking.

There are no showers or bathroom facilities in the cabins but this is all part of the adventure. Scandinavia is renowned for its saunas and the wilderness cabins are no exception. Once heated, you can steam clean in the sauna. The toilet facilities are normally a short walk from the cabin and are compostable. We certainly recommend a head torch for any ventures to the toilet during the night!

In most cases, the sleeping arrangements are dormitory style. You will be given your own arctic-grade sleeping bag in which to sleep and, combined with your thermals and the open fire, this should keep you lovely and warm.

You will carry with you all that you need for any stay in the cabins, so luggage is typically restricted to the essentials. Your main bag will be securely stored back at the hotel and a safe is provided for your valuables.

There is something so refreshing about realising that you can strip back your belongings and enjoy such a simple but satisfying experience.

Depending on the weather conditions you might spend the nights in cosy and warm basecamp tents at one of the wilderness camps.

Jeris Winter Cottage Type A

Type A winter cottages (30 square metres) are, on the whole, the closest to the hotel and are ideal for couples.

The cabins can vary in size but all sleep from two to four people in one spacious room with a sleeping alcove for two people (generally with a double bed) and a pull-out sofa bed for two more (although we recommend just one extra adult). They are all privately-owned and so the décor and style can vary, but each has a wood-burning stove, clothes drying cupboard, kitchenette, television, shower room, toilet and a private sauna.

All meals are served in the hotel restaurant.

Cabin guests will receive a small 'starter pack' of firewood. Further wood supplies can be purchased locally for approximately 10 euros.

Hairdryers are not provided as standard, but a limited number are available from reception.

Jeris Winter Cottage Type B

Type B winter cottages (63 square metres) sleep from four to six people. There is a living room area with kitchenette and wood-burning stove, one bedroom for two people and a mezzanine loft area

(please note that this is accessed by a steep ladder) which can sleep up to four more.

The cottages are all privately owned and so some contents and décor may vary, but all are equipped with a drying cupboard, sauna, TV, shower and toilet room.

The cosy winter cottages are located in the forests which surround Jeris; the furthest being across the quiet road and tucked in the trees around a 15-minute walk from the main building.

Cabin guests will receive a small 'starter pack' of firewood. Further wood supplies can be purchased locally for approximately 10 euros.

All meals are served in the hotel restaurant.

Hairdryers are not provided as standard, but a limited number are available from reception.

Jeris Winter Cottage Type C

Type C winter cottages (70 square metres) are the largest available and sleep from four to seven people. There are two bedrooms (each for two people) downstairs and a loft sleeping area for a further two (or three if you don't mind being very cosy!) people accessed via a steep staircase.

As with all the cottages, there is a log-burning stove, clothes drying cupboard, kitchenette, sauna, TV, shower and toilet room. They can vary in layout a little and as they are privately-owned, the décor is determined by the owner's personal choice.

They are located in the forests which surround Jeris; the furthest being across the quiet road and tucked in the trees between a 10 and 20-minute walk from the main building.

All meals are served in the hotel restaurant.

Cabin guests will receive a small 'starter pack' of firewood. Further wood supplies can be purchased locally for approximately 10 euros.

Hairdryers are not provided as standard, but a limited number are available from reception.

Jeris and Torassieppi Aurora Huts

The unique Aurora Huts at Jeris and Torassieppi offer a rather different overnight experience for guests. These huts have pleasant, cosy décor, with floor to ceiling windows on one wall, allowing you to gaze at the night sky in search of the Northern Lights. The Aurora huts at Torassieppi are located close to the lakeshore, whereas the huts at Jeris are located in the woods. The exact location of your dome will be confirmed upon check-in at your hotel.

Each hut has a double bed, a composting toilet and a small sink with running water. Shower and sauna facilities are just a short walk away (around 50-150 metres). There is space for one extra bed in the huts, but space will be very limited when added.
