

Kirkenes - Northern Lights And the Snowhotel

HOLIDAY TYPE: Small Group

VISITING: Norway

BROCHURE CODE: 5202

DURATION: 3 nights

In Brief

Travel to Kirkenes and enjoy some unique Arctic experiences. During three nights, you'll experience the best of this frontier land when you go dog sledding, ice fishing and Northern Lights hunting. There's even a visit to the famous Snowhotel.

Our Opinion

“ Kirkenes is a unique destination and this short break offers you the chance to see all of the main highlights. For me, one of the best experiences is the combination of the snowmobile tour, king crab fishing and Northern Lights hunt. Spending an evening in a delightfully wild setting and gorging on the freshest king crab is magical enough but if the Aurora appears overhead it becomes utterly exceptional. ”

Trip Overview

Kirkenes has so much to offer visitors and for those who are short on time, this three-night winter holiday is sure to deliver.

Only 15 kilometres from the border with Russia, Kirkenes feels like a real frontier town. As you walk by the harbour you will hear Russian and Finnish voices mingling together and the signs will also feature Cyrillic text - it is truly unique. Surrounded by wilderness, Kirkenes acts as an ideal hub from which to sample the unforgettable experiences that this remote region can offer.

With a rugged coastline and a mountainous backdrop, this is a playground which promises some truly memorable activity days. The town also offers some rather distinctive attractions which draw people from all over the world. These include the famous Kirkenes Snowhotel and the delectable delicacy that is king crab.

This may only be a short break of just three nights but we make sure that you get to enjoy all of the must-try winter activities. You will dog sled through the outdoors, visit the Russian border, try your hand at ice fishing, dine on the freshest possible king crab and witness the Snowhotel.

Of course, one of Kirkenes' other attractions is its location in prime Aurora territory. You will try and

exploit its excellent Northern Lights record during a night of Aurora hunting in the remote Pasvik Valley.

With a choice of modern accommodation available, you will return to a centrally located base each night following a day of unforgettable experiences in the Arctic. This may be a short break but you will head back home with a wealth of wonderful memories.

DAY

ARRIVAL AND INTRODUCTION

Upon arrival at Kirkenes Airport, you will be greeted by a local guide who will transfer you to your hotel. You have a choice of two hotels here in Kirkenes with either the Rica Hotel or Thon Hotel at your disposal; both offer excellent facilities.

There are no lengthy transfers and the drive from the airport will take roughly 15 minutes. Your guide will assist you in checking into the hotel and run through the details of your upcoming holiday. You can settle in and relax this evening ahead of tomorrow's adventures.

As you will be arriving in the late evening we recommend dining at the hotel tonight (payable locally).

Included Meals: None

DAY
2

WALKING TOUR/TOUR WITH KICK SLEDGE, ICE FISHING, FISHING FOR KING CRABS AND NORTHERN LIGHTS SNOWMOBILE SAFARI

After a hearty breakfast in your hotel, you will meet your guide not far away from the hotel (it is a 5-minute walk). There, you will start your walking tour around Kirkenes. Depending on the weather conditions the tour can also be done by kick sledges.

You can enjoy lunch at the hotel (not included) and relax ahead of this afternoon's activity.

In the afternoon, you will embark on an ice fishing experience which will take roughly three hours.

Your guide will take you to a frozen lake where they will show you the simple skills which are required for this ancient pastime. Ice fishing has grown from an essential way of sourcing food to more of a hobby for modern Norwegians, but the traditions and techniques remain relatively unchanged.

This evening you are set for a real treat as you are collected from your hotel at around 6 pm for an evening of Northern Lights hunting and delicious food.

Your local guide will take you to a nearby harbour where your purpose is to pull up the large crab pots from the freezing cold waters and hopefully encounter some of the creatures which have really put Kirkenes on the culinary map – the king crab (if the ice conditions are good, you will be driving a snowmobile to one of the catching places on the ice instead (two people per snowmobile).

A king crab's leg span can grow up to 5ft 9inches and these impressive sea creatures are prolific on the seabed of the reassuringly deep waters of the Barents Sea and have become synonymous with the region. Once your catch has been landed, you will travel on to a basecamp around 10 minutes from town for the start of your snowmobile adventure.

Snowmobiling is a thrilling activity and will allow you to see a great deal of the local area in an exciting way. Following full instructions and a safety briefing, you will set off behind your guide travelling two people per machine (driver must hold a full driving licence). To upgrade and ride one person per snowmobile see the '[Personalise](#)' section for more information. Your destination is the Siberian Taiga Forest around Pasvik. Upon arrival here, you will visit a traditional Norwegian farm dating from 1854 (as long as the trail conditions permit access) and will be given an insight into how people have made this remote part of the world their home.

As you will be in a remote region for the evening you will hopefully have excellent views of the night sky and, as this is prime Aurora territory, you could be in for a real treat if conditions are favourable.

Following your snowmobile adventure, you will return to the base camp for a very special dinner. In a traditional lavvu, you will sit around the cosy fire and enjoy the king crab caught earlier in the evening. This is sure to be some of the freshest seafood you have ever been able to enjoy and is certainly a wonderful end to the day.

Included Meals: Breakfast, Dinner

DAY
3

HUSKY SAFARI, SNOWHOTEL VISIT AND DINNER

Regardless of whether you class yourself as a dog lover or not, you are almost certain to fall for the huskies you will meet today after breakfast. After a drive of approximately one hour, your guide will give you an insight into the relationship between man and husky and will provide an overview of the lives of these working dogs.

Following this introduction, you will be given a full safety briefing to prepare you for the trail before setting off in pairs. One person will be the passenger and the other will control the sled (there will be the chance to swap drivers) and together with your team you will cover around 20-25 kilometres during your safari. To upgrade and ride one person per sled, see the '[Personalise](#)' section for more information.

A hearty lunch will be served around a campfire or in a Sámi lavvu and you can sit back and recount the experience you have just enjoyed.

This evening you will be taken to the magnificent Snowhotel for an unforgettable evening. Upon arrival, you will be given a guided tour of this monument to snow and ice architecture. You will enjoy the stunning sculptures, the beautifully decorated rooms and the ice bar. There will be many photo opportunities before you head to a nearby warm restaurant for your evening meal.

For those who would like to upgrade and spend their last night in Norway at this remarkable hotel, we can arrange for you to stay in a cold room here rather than returning to your Kirkenes hotel (you will have checked out earlier in the day). The full details of this experience can be found in the '[Personalise](#)' section of the holiday page.
