

Saija - Husky Safari

HOLIDAY TYPE: Small Group
VISITING: Finland

BROCHURE CODE: 5026
DURATION: 7 nights

In Brief

Saija is not about going wild, but about being free. Escape to this snowy wilderness over seven nights and enjoy an epic dog sledding adventure. You'll return home feeling refreshed and invigorated having recharged your batteries Saija-style.

Our Opinion

“ If it wasn't for the central heating and electricity here at Saija, you could be forgiven for thinking you had stepped back in time. This is a simple place, there's no rush, no hurry and no wild night life. Go dog sledding by day and enjoy a sauna and the chance to catch up on your reading at night – unless the Northern Lights make an appearance of course!! ”

Trip Overview

Saija is a vision of just how you imagine the Finnish wilderness to be. Located on the shores of Lake Jokijärvi, this trip combines the excitement of dog sledding with spectacular surroundings and time to relax.

When it comes to the husky safaris, you will take charge of a team of four to six dogs. You will drive with the same husky team for the duration of the trip so that you can build a trusting relationship with them throughout the week. You will never forget the thrill of driving with these eager, dedicated animals through North-East Finland's huge forests and over its frozen lakes and marshes. At Saija, the scenery is ever-changing and awe-inspiring all the way.

Around the lodge, there are many cross-country ski and snowshoe trails for exploring on your free day. There's also a chance to try out additional activities – see the '[Personalise](#)' tab for more details. A highlight among these is snowmobiling, which is a thrilling option.

From the moment you step through the door of Saija Lodge, you will sense the restful and homely atmosphere that the team here work so hard to maintain. Instant relaxation is inevitable, as you are welcomed into what feels like home and introduced to the other guests. From meals to activities, and

even during your free time, you will feel part of a community in this cosy accommodation.

Staying in pretty log cabins at the all-wooden Lodge, your own private sauna helps you unwind and feel even more refreshed. The cosy restaurant is a short walk away and is where you will enjoy traditional Finnish home-cooked specialities and can chat with other guests after a day of dog sledding adventures.

DAY
1

WELCOME TO SAIJA

You will be met on arrival at the airport and transferred directly to Saija Lodge. After some time to settle in, your welcome dinner will be served in the main building. Enjoy Finnish homemade food and the chance to meet fellow guests about to embark on a week of – what is for most – first-time experiences and adventure.

During your stay at Saija, the guides will gather the group to host a discussion about the Northern Lights. They will speak to you about the science of the Northern Lights and some of the fascinating myths and legends the local people believed before science was able to explain this incredible natural phenomenon. This special evening will be confirmed upon your arrival at Saija.

An afternoon in a smoke sauna is also included in your holiday price and will be arranged on arrival. From 14th January, Saija builds a small snow igloo and the chance to spend a night in the igloo is included in the cost for all guests staying at the lodge. The night it is available to you will be confirmed upon arrival (subject to availability) – this truly unique experience really is yet another memorable highlight for many of our guests in Saija.

INTRODUCTION DAY

Your guide will discuss your itinerary with you and get you kitted out in all of the cold-weather clothing that you require for the duration of your stay. You can also join a tour of the facilities with your guide and see what there is to do in and around Saija – now is a good time to book any extra activities for your last day back at the lodge.

**DAY
3****HUSKY TRAINING RUN**

After breakfast, your guide will take you through all aspects of the husky safari, outlining the all-important safety and giving advice on how to best work with and guide your dogs. You will then get to meet your eager team of huskies.

Each participant has a team of four to six huskies. You are responsible for the dogs' care throughout the safari. You will have the chance to practice with them and begin to build up a relationship on a 13km training run in the area around the lodge.

The feeling you get from working with and encouraging your dog team is something that will stay with you forever. The adrenalin and the feeling of excitement as you head away from the husky farm and into the wilds is second to none. In an intriguing contrast, there's an intense feeling of peace and serenity that most people experience at the same time.

Included Meals: Breakfast, Lunch, Dinner

**DAY
4****FULL DAY HUSKY SAFARI**

You've had the training, now it's time for the real thing. Step up the pace on your first full-day safari, driving your team through snow-laden forests and across frozen lakes and rivers. Lunch will be served en route around an open fire. By the end of this thrilling day, you will have covered 25km to 35km with your team of huskies.

**DAY
5****OVERNIGHT HUSKY SAFARI**

Taking full responsibility for your dedicated dog team, you head out on an overnight trip into the wilderness. Driving through this unforgettable landscape, with the gentle swish of the sled's runners and the padding of the huskies' paws on the snow, you know you're creating memories that will be very hard to beat. As you and your dogs cross this dramatic winter world, add a little extra momentum by pushing off with your feet on the inclines and you will enjoy the boost in reaction from your team.

At your overnight base, you are in charge of caring for the dogs; they need to be fed, watered and settled in for the night. At your cabin, once you collect firewood and water, the hard work is rewarded with a delicious dinner cooked over an open fire. There's a sauna you can use and the cabin is really cosy once the fire is blazing. After such an exciting day and in the quiet of the wilderness, you should enjoy a blissful night's deep sleep.
