In Brief

Experience the best of the Azores with this seven-night holiday on São Miguel Island. Dolphin and whale watching, and venturing underground through wondrous volcanic surroundings are just some of the experiences included.

Our Opinion

“ I can't stress enough how brilliant the Azores are as a whale-watching destination – there are some 24 different species that can be spotted at various times of the year, so you'll definitely be going to the right place! You will be mesmerised by São Miguel Island's volcanic landscape, whether unwinding in a geothermal pool or kayaking on a crater lake. ”

Trip Overview

Ocean wildlife, volcanic culture, and outdoor activities: this seven-night Azores holiday to the island of São Miguel puts an exotic twist on your typical European getaway.

Marine animals inspire awe in just about everyone, and seeing them in their natural habitat is one experience that is sure to feature on your bucket list. Our itinerary allows you to tick it off three times – you will watch for whales and dolphins from a tour boat and snorkel close to a colourful variety of fish and other underwater fauna when snorkelling* at the islet of Vila Franca.

The rich volcanic heritage of the Azores is something you will be able to enjoy first-hand. You will bathe in a naturally heated spring at the Terra Nostra Botanical Garden. You will also be able to taste a 'Cozido das Furnas' stew – an Azorean piece of geothermal gastronomy that puts a twist on the traditional Portuguese 'cozido' by cooking it with natural steam.

The extraordinary island environments are perfect settings for activities. You will kayak on the crater lakes of the Sete Cidades Lagoon and cycle in the surrounding area. Slower-paced activities include walking through part of Sao Miguel's longest lava tunnel and relaxing in the warm Caldeira Velha waterfall.

You will stay in the modern São Miguel Park Hotel or, if you have upgraded, in the Marina Atlântico or the Azor Hotel. All the hotels are located in the coastal town of Ponta Delgada.

*Snorkelling equipment is not provided, so we recommend bringing your own.

SETE CIDADES ADVENTURE TOUR

A filling breakfast will have you all set for the Sete Cidades Adventure Tour. This day-long excursion takes you to 'Lagoa das Sete Cidades' on the west side of São Miguel Island. The 'Lagoon of Seven Cities' consists of two blueish-green crater lakes ringed by trees.

On the way, you will stop at various viewpoints to enjoy this beautiful landscape. One of the stops will be at the Vista do Rei, probably the most famous viewpoint of Sao Miguel Island from where you can enjoy the views of the two lakes and the surrounding landscape.

When you reach the lakes, you can cycle over a largely flat ten-kilometre trail, of which ten minutes will be spent moving uphill or you can kayak over the sparkling lake.

A picnic lunch is included today.

Back at the hotel, you can relax before heading out and sampling the local cuisine (not included).

Included Meals: Breakfast, Lunch

DAY
3

WHALE WATCHING AND VILA FRANCA DO CAMPO OR OFICINA MUSEU AND PINEAPPLE FARM VISIT

Breakfast is followed by a morning whale-watching tour. You will usually enjoy the whale watching from a catamaran, however, some trips will be in a RIB boat. If you have a preference, please inform us in advance (restrictions may apply for pregnant women and people with lower back problems).

It is no understatement to say that the Azores are one of the best places in the world for this activity – so much so that everyone from the National Geographic to the BBC has paid visits.

You will receive an in-depth briefing on safety measures and responsible observation prior to heading out on the tour; life vests and waterproofs will be provided (except on the catamaran). Depending on luck, there will be a range of cetaceans that you might see. July and August are good months for spotting beaked and Atlantic whales, as well as striped dolphins. Sperm whales are also known to make an appearance at this time while bottlenose and common dolphins can be seen all year round.

If you are travelling between 15th June to 15th September, lunch will be had in Vila Franca do Campo, a pleasant southern town. A refitted fishing boat will then transport you to the splendid islet of Vila Franca, which is a circle of green around a crater lagoon that is open to the sea. **Snorkelling equipment is not provided**, so we recommend bringing your own if you wish to go in to look at life under the water. Species found here include small red scorpionfish, rainbow wrasses, and Guinea-fowl puffers.

If you are travelling outside 15th June to 15th September, lunch will be had in the Ponta Delgada Marina. You will then be driven to Capelas for a trip to Oficina Museu, where you will learn about Azores life in the mid-twentieth century, observing how island culture and lifestyles developed over time. There will also be the opportunity to watch local craftsmen making typical pieces of art. Rounding off your day is another cultural experience: a visit to some of São Miguel's pineapple farms. The favourite fruit of the Azores takes two years to reach your plate – a delicious product that is well worth the wait.

Included Meals: Breakfast, Lunch

DAY
4

THEMATIC TOUR OF FURNAS

Learn about the volcanic heritage of the Azores with today's thematic tour to Furnas. After breakfast, your first stop of the day will be a highlight for tea-lovers. You will be taken to the Gorreana Tea Estates, one of Europe's oldest remaining tea plantations. In addition to seeing the growing areas, you will have an opportunity to try some of the produce.

You will then head to the Caldeiras das Furnas, where you will see the famous fumaroles and mineral springs. Make sure you try the water from each spring. You might notice the variety in tastes because of the different minerals present.

At lunch, you will get to try 'Cozido das Furnas', the classic Portuguese 'cozido' stew of slow-cooked meats and vegetables with an Azorean twist: preparation using natural steam from the ground.

Following that, there will be a look around the exceptional Terra Nostra Garden. This visit will finish with the chance to get into the iron-rich waters of a geothermal pool, which has a soothing temperature between 35°C to 40°C. (Please take old swimming costumes as the mineral water will

stain them a light brown colour).
