

A Volcanic Wonderland

HOLIDAY TYPE: Small Group

VISITING: The Azores

BROCHURE CODE: 5512

DURATION: 7 nights

In Brief

Experience the best of the Azores with this seven-night holiday on São Miguel Island. Swimming with wild dolphins, whale watching, kayaking, cycling and venturing underground through wondrous volcanic surroundings are just some of the experiences included.

Our Opinion

“ I can't stress enough how brilliant the Azores are as a whale-watching destination – there are some 24 different species that can be spotted at various times of the year, so you'll definitely be going to the right place! Added to that is the opportunity for swimming with dolphins, which is something you will never forget. You will also be mesmerised by São Miguel Island's volcanic landscape, whether unwinding in a geothermal pool or kayaking on a crater lake. ”

Trip Overview

Ocean wildlife, volcanic culture, and outdoor activities: this seven-night Azores holiday to the island of São Miguel puts an exotic twist on your typical European getaway.

Marine animals inspire awe in just about everyone, and seeing them in their natural habitat is one experience that is sure to feature on your bucket list. Our itinerary allows you to tick it off three times – you will watch for whales from a tour boat, be taken to swim with dolphins in the Atlantic, and snorkel close to a colourful variety of fish and other underwater fauna when snorkelling at the islet of Vila Franca.

The rich volcanic heritage of the Azores is something you will be able to enjoy first-hand. Bathe in a naturally-heated spring at the Terra Nostra Botanical Garden and take a dip in Ferraria, a hot spring in the ocean. You will also be able to taste a 'Cozido das Furnas' stew – an Azorean piece of geothermal gastronomy which puts a twist on the traditional Portuguese 'cozido' by cooking it with natural steam.

The extraordinary island environments are perfect settings for activities. You will kayak on the crater lakes of the Sete Cidades Lagoon and cycle in the surrounding area. Slower-paced activities include walking through part of Sao Miguel's longest lava tunnel and relaxing in the warm Caldeira Velha

waterfall.

You will stay in the modern São Miguel Park Hotel or, if you have upgraded, in the Marina Atlântico or the Azor Hotel. All of the hotels are located in the coastal town of Ponta Delgada.

Agenda

Please note the order of activities is subject to change

DAY
1

ARRIVAL AND WELCOME

Reaching João Paulo II Airport, you will be collected and transferred to your hotel. Check in, unpack and relax – your Azorean adventure is about to begin.

Included Meals: None

DAY
2

SETE CIDADES ADVENTURE TOUR

A filling breakfast will have you all set for the Sete Cidades Adventure Tour. This day-long excursion takes you to 'Lagoa das Sete Cidades' on the west side of São Miguel Island. The 'Lagoon of Seven Cities' consists of two blueish-green crater lakes ringed by trees. Here, you will spend an hour cycling over a largely flat ten-kilometre trail, of which ten minutes will be spent moving uphill. You will also have a chance to kayak over the sparkling lake, and there will be a picnic lunch to keep you going.

In the afternoon, you will be driven along the island's coast with a stop at Ferraria, an ocean-based hot spring. When the tide is low, it will be possible to have a dip in its relaxing waters.

Back at the hotel, you can relax before heading out and sampling the local cuisine (not included).

Included Meals: Breakfast, Lunch

DAY
3

WHALE WATCHING AND VILA FRANCA DO CAMPO OR OFICINA MUSEU AND PINEAPPLE FARM VISIT

Breakfast is followed by a morning whale-watching tour. You will usually enjoy the whale watching from a catamaran, however, some trips will be in a RIB boat. If you have a preference, please inform us in advance (restrictions may apply for pregnant women and people with lower back problems).

It is no understatement to say that the Azores are one of the best places in the world for this activity –

so much so that everyone from the National Geographic to the BBC has paid visits.

You will receive an in-depth briefing on safety measures and responsible observation prior to heading out on the tour; life vests and waterproofs will be provided (except on the catamaran). Depending on luck, there will be a range of cetaceans that you might see. July and August are good months for spotting beaked and Atlantic whales, as well as striped dolphins. Sperm whales are also known to make an appearance at this time while bottlenose and common dolphins can be seen all year round.

If you are travelling between 15th June to 15th September, lunch will be had in Vila Franca do Campo, a pleasant southern town. A refitted fishing boat will then transport you to the splendid islet of Vila Franca, which is a circle of green around a crater lagoon that is open to the sea. Receiving snorkelling equipment, you will go in to look at life under the water. Species found here include small red scorpionfish, rainbow wrasses, and Guinea-fowl puffers.

If you are travelling outside 15th June to 15th September, lunch will be had in the Ponta Delgada Marina. You will then be driven to Capelas for a trip to Oficina Museu, where you will learn about Azores life in the mid-twentieth century, observing how island culture and lifestyles developed over time. There will also be the opportunity to watch local craftsmen making typical pieces of art. Rounding off your day is another cultural experience: a visit to some of São Miguel's pineapple farms. The favourite fruit of the Azores takes two years to reach your plate – a delicious product that is well worth the wait.

Included Meals: Breakfast, Lunch

DAY
4

THEMATIC TOUR OF FURNAS

Learn about the volcanic heritage of the Azores with today's thematic tour to Furnas. After breakfast, there will be a transfer to Lake Furnas for a walk along its banks. You will then go to the town, which has a variety of hot springs – the water in each one supposedly having a different flavour.

At lunch, you will get to try 'Cozido das Furnas', the classic Portuguese 'cozido' stew of slow-cooked meats and vegetables with an Azorean twist: preparation using natural steam from the ground.

Following that, there will be a look around the exceptional Terra Nostra Garden. This visit will finish with the chance to get into the iron-rich waters of a geothermal pool, which has a soothing temperature between 35°C to 40°C.

The final location of the day will be a highlight for tea-lovers. You will be taken to the Gorreana Tea Estates, one of Europe's oldest remaining tea plantations. In addition to seeing the growing areas, you will have an opportunity to try some of the produce.

Included Meals: Breakfast, Lunch

DAY
5

SWIMMING WITH DOLPHINS AND FREE AFTERNOON

Once you have had breakfast, it will be time for a true bucket list experience: swimming with dolphins. A RIB will take you out to locate a group of these highly intelligent marine mammals. Day 3 had you searching for them from a boat – now you should hopefully be able to get closer. Before entering the water, you will be given a presentation on how to use the provided snorkelling equipment and swim responsibly.

We have left the afternoon free for you to spend as you please. You could remain in the harbour area and head for lunch in one of the coastal cafés, or transfer back to your accommodation and eat in a restaurant nearby or on-site.

Please note that restrictions may apply for pregnant women and people with lower back problems.

Included Meals: Breakfast

DAY
6

FOGO JEEP TOUR AND GRUTA DO CARVAO

Today, you will be taken around different areas of São Miguel Island after breakfast. The first stop is Gruta do Carvão, a two-kilometre lava tunnel which is the longest of its kind on the island. There will be a guided walk through a 100-metre section of this fascinating place, followed by lunch in the town of Lagoa close by.

During the afternoon, you will visit Lagoa do Fogo, the shimmering 'Lake of Fire'. This is a part of a marvellous natural reserve that stuns all with its beauty. Next is a trip to the Caldeira Velha waterfall – bathe in its comforting, warm water. You will also look at the smoking fumaroles of Caldeiras.

Included Meals: Breakfast, Lunch

DAY
7

FREE DAY

Following breakfast, you have a free day to see more of São Miguel, also known as "The Green Island".

You could remain in the area and explore Ponta Delgada on foot. Or perhaps you want to see what else is waiting for you in other regions of the island.

You have already visited the west, so why not discover the other side and take our day trip to the Nordeste ("northeast"). With its bright, colourful wildflowers, green rolling countryside and volcanic topography, this is one of the best places to see the Azores' diverse landscape.

Included Meals: Breakfast

DAY
8

DEPARTURE

After a final breakfast at your hotel, you will be transferred to João Paulo II Airport to catch your direct flight home.

Included Meals: Breakfast

Our pick

Tour of the Nordeste

The dramatic variation between landscapes is one of the most alluring features of the Azores. From tranquil pastures to striking coasts, just a short drive can have you feeling like you've travelled across continents. Our tour of the Nordeste is one of the best ways to experience this.

Your first stop at Salto do Cavalo's peak gives you an incredible bird's-eye view of Furnas Valley and the coastline. In this lushly-green landscape, it's only the smell of sulphur and the rising steam from the hot springs that remind you of the volcanic activity here.

Following this, you'll visit the Priolo Environmental Centre to learn about its dedicated conservation work, including the protection of the endangered Azores Bullfinch. The interactive exhibitions will immerse you in the thriving natural life in this region.

Afterwards, you'll have lunch at a local restaurant in Nordeste. For such a small, sleepy village the architecture is remarkable, particularly the seven-arched bridge.

You'll spend your afternoon in the local village of Povoação where it's almost mandatory to try the 'Fofas da Povoação' - a gorgeously rich vanilla-cream pastry with chocolate topping. These local delicacies are much like continental éclairs and make for the perfect indulgent holiday treat.

Duration: 7-8 hours

***Please note that the Priolo Environmental Centre is closed on Sundays. If your Nordeste tour falls on a Sunday, you will be taken to a botanical garden instead.**
