## In Brief

Celebrate the New Year twice – once in Finland and then again in Norway on this brilliant seven-night trip to Utsjoki. Immerse yourself in the local Sámi culture and take part in some amazing activities including dog sledding, reindeer sleigh ride and cross-country skiing.

## Our Opinion

*“Utsjoki is the northernmost municipality of Finland, and this is really evident in the tranquillity of the place and the perfection of its nature and landscape. The majority Sámi population here means you are completely integrated with their vibrant and unique society, making the activities unforgettable. For me, the most special thing about this trip is the opportunity to celebrate the New Year twice in one night, which is a once in a lifetime experience, and promises to be great fun!”*
